

Ferrari 430 F1 Challenge Shift Paddles

Extended carbon fiber F1 shift paddles for all Ferrari 430 models

The aluminum OEM Ferrari F1 shift paddles on F430 models suffer from the design flaw that they are fixed and do not turn with the steering wheel. As a result shifting is only possible with the steering wheel straight or if the driver re-positions their hands. Ferrari addressed this on their racing models by using very long paddles that allow the driver to change gears when the steering wheel is turned. Carbonio has manufactured these longer paddles for the enthusiast Ferrari owner in aerospace carbon fiber. Beautifully finished and easy to install, these paddles offer a practical upgrade to the shifting of the F430.

FEATURES:

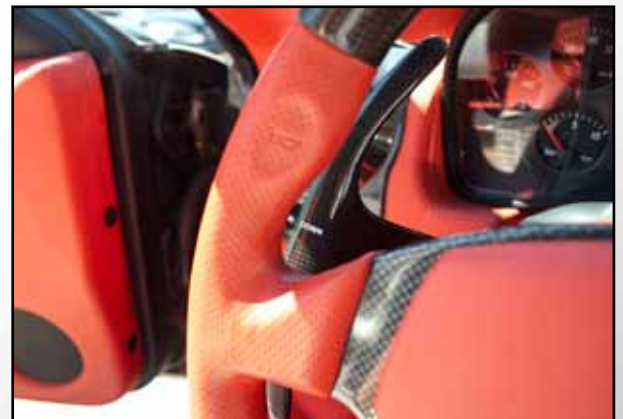

- Autoclaved pre-preg construction with carbon weave that matches OEM Ferrari carbon fiber.
- Clear coated with automotive urethane and hand polished to a mirror finish
- OEM perfect fit
- Silkscreened 'UP' and 'DOWN' labels on paddles with same placement and size as OEM
- Unlimited mileage guarantee

APPLICATIONS:

- All 2004+ Ferrari F430 models including Scuderia and 16M

RETAIL PRICE:

\$720.00
